

**GOD'S STEADFAST LOVE FOR US
LUKE 15:1-2; 11-32**

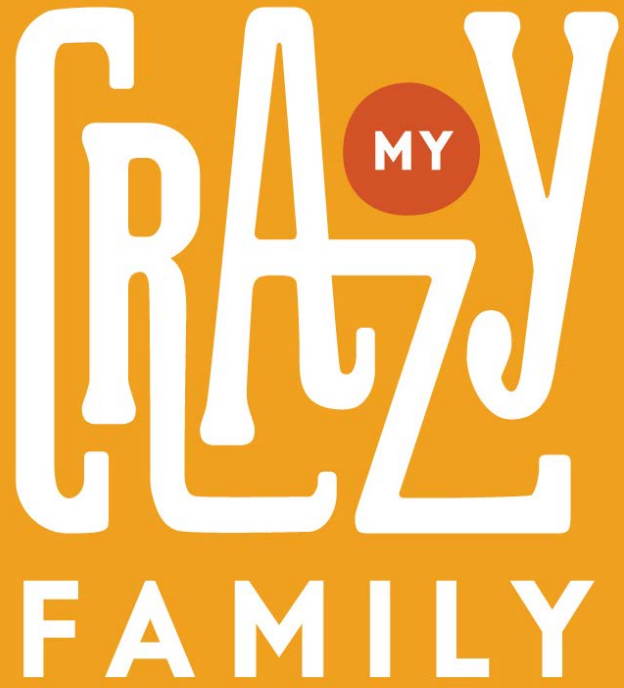

RAZY MY FAMILY

- Do we take the time to see our current situation (work, family, friends...) to be times to share the Gospel?
- Are we more like the Pharisees or are we more like Jesus in these verses?
- How does the application of what we see Jesus doing, affect what we do today?

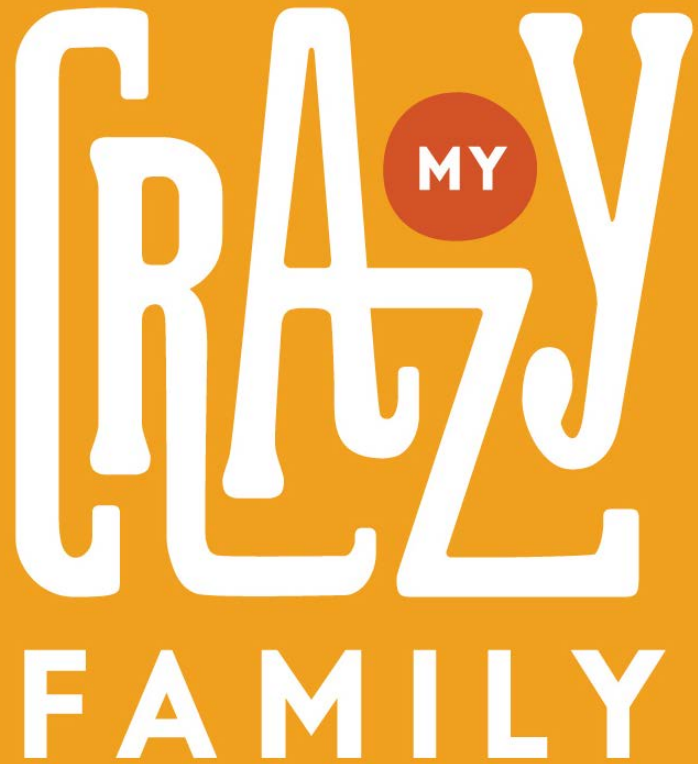

**Point 1) Does our teaching, and living out the Gospel in our everyday lives, create opportunities to share about Jesus?
(Luke 15:1-2)**

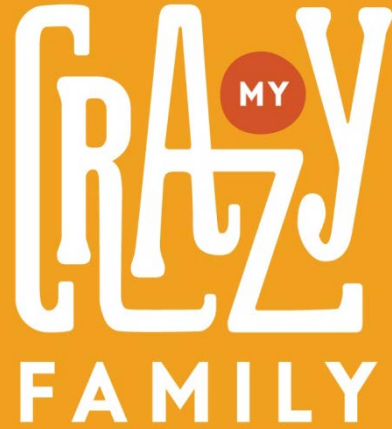

Point 2) Even when we break God's heart, He still loves us. (Luke 15:11-16)

**Point 3) God doesn't need us to "get it right first", He wants us to realize His love towards us first, then He proceeds with the cleanup process.
(Luke 15:17-24)**

**Point 4) We have to be careful that a good thing, doesn't turn into a "god" thing, that then becomes an idol that destroys everything.
(Luke 15:25-32)**

Next Steps:

1. Search your heart and truly trust what God has given you to do.
2. Be sure to study the scriptures, have a healthy prayer life, but always look for ways to interact in real life situations with real people. (We are a visible sign of grace to people)
