

Thinking on  
What Matters  
Luke 2:1-7

1. Do you think timing matters to God? Do you think He is involved in the details of our lives? If He is not, how do you explain Caesar's census?

2. Christmas reminds us that Christ enters the space we give him. He does not force his way in but abides in what we give him.

3. Christmas is a time when we are reminded of the value of putting God first in our lives, regardless of the cost.
